Dependability when it matters the most

It's important to us that you and your caregiver know that **we are here to assist you every step of the way**. This brochure is designed to help offer you support as you begin treatment with OFEV® (nintedanib) capsules.

Obtaining OFEV through a Specialty Pharmacy

3-5

Introducing your OPEN DOORS® Personal Care Team

6-7

Understanding your condition with a Clinical Educator

8-10

Members of our team will be calling you shortly, so be ready with any questions you may have.

Keep in mind that these calls may come from numbers you do not recognize.

You have questions; we'll help get you the answers

Soon you will be receiving phone calls from **experts** trained to help you begin your treatment with OFEV. We want to make sure you understand what each of them brings to the table in terms of assisting you:

Your **Specialty Pharmacy** will offer information about your OFEV prescription

An **OPEN DOORS®** patient support representative will call you to discuss a number of topics

A trained OFEV **Clinical Educator** is available to provide personal education about your disease and treatment with OFEV

If you have additional questions, please call **OPEN DOORS®** at **1-866-OPENDOOR (1-866-673-6366)**.

Help filling your
prescription

Obtaining OFEV through a Specialty Pharmacy

OFEV® (nintedanib) capsules are available only through a Specialty Pharmacy, which is different from your neighborhood pharmacy. Specialty Pharmacies focus on medicines for conditions not typically handled in a retail pharmacy setting, and have experience with and understanding of your condition.

Filling your OFEV prescription

3 easy steps

This process is different from most prescriptions you've had before, too.

Your Specialty Pharmacy is selected

- Doctor faxes over your prescription and paperwork

The Specialty Pharmacy calls you

- They confirm the day, time, and location for your first shipment of OFEV and subsequent refills
 - Make sure you provide the best phone number where you can be reached
- They provide important information about your prescription and assist you with exploring financial or insurance coverage options for OFEV

Your prescription is shipped directly to your door

- A signature may be required for the delivery, so please make sure someone aged 18 years or over can sign for the package

When the Specialty Pharmacy calls, the number may come up as **“blocked”** or **“unknown.”** If you don't answer, they will leave a general message **“about your prescription.”** **BE SURE TO CALL THEM BACK!**

If your Specialty Pharmacy cannot reach you after several attempts...**YOUR PRESCRIPTION MAY GO ON HOLD AND MAY BE CANCELED.**

Your pharmacy benefits may change from time to time, so make note of your current healthcare team's phone numbers and write down any updates.

(You can use the space below.)

Specialty Pharmacy:

Prescribing Doctor:

Follow-ups by phone

Your Specialty Pharmacy will call you within the first few weeks after you start taking OFEV. They may ask questions such as:

- How are you doing with your medication?
- How many pills do you have left? Are you ready to schedule a refill?
- Have you been taking your pills regularly?
- Has your insurance information changed?

Save on your OFEV prescription

If you need help paying for your OFEV® (nintedanib) capsules, there are programs available to assist you. If you are eligible, you may pay as little as \$0 for a monthly supply of OFEV.

For any patients taking OFEV

Your doctor writes your prescription for OFEV and sends it to one of the Specialty Pharmacies. When the Specialty Pharmacy calls you, they will discuss options for financial support. Please feel free to ask them which of the following options may be best for you.

The OFEV Commercial Copay Program

If you have commercial insurance, the Specialty Pharmacy will determine if you are eligible for the program:

- You may be able to receive OFEV for as little as \$0 per month, up to an annual cap of \$30,000
- There is no card to carry or worry about. The Specialty Pharmacy manages the program, and will complete your enrollment and re-enrollment every 12 months
- You must be re-enrolled every 12 months. The Specialty Pharmacy will complete your enrollment and re-enrollment
- Patients covered by any form of governmental paid insurance (Medicare, Medicaid, Tricare, etc) are not eligible for the program. Also, people paying cash will not be eligible

Third-party financial assistance

If you are enrolled in a government healthcare prescription drug program, do not have insurance, or have private insurance that does not cover OFEV, other financial assistance may be available. These independent charities typically require separate applications, have financial eligibility guidelines, and require financial documentation, such as copies of your latest tax return.

The BI Cares Foundation

The Boehringer Ingelheim Cares Foundation (BI Cares) is a nonprofit organization with a mission to improve patient lives and strengthen our communities. BI Cares provides OFEV free of charge to eligible patients who are uninsured or underinsured. Patients must be United States residents who meet program eligibility requirements. For more information on the BI Cares Foundation, **call 1-855-297-5906** or **visit www.bipatientassistance.com**.

If you have any questions about your prescription for OFEV, contact the OPEN DOORS® Patient Support Program at **1-866-OPENDOOR (1-866-673-6366)**.

OPENDOORS®

Individualized care and support for patients like you®

Introducing your OPEN DOORS® Personal Care Team

Personal OFEV CARE TEAM

OPENDOORS[®]
Individualized care and support for patients like you*

OPEN DOORS[®] is available as a complimentary program that offers caring and compassionate support for patients taking OFEV[®] (nintedanib) capsules and their caregivers. As an OPEN DOORS[®] member, you're never alone.

Your exclusive benefits include a Personal Care Team that you can call or connect with day or night to discuss anything from information about OFEV to financial assistance programs. They have a deep understanding of your disease and OFEV, and more importantly, they know YOU.

We're here to help

Your Nurse Counselor:

- Is available 24/7 to answer questions about your disease and treatment with OFEV

Your Social Resource Specialist:

- Calls periodically to see how you're doing
- Finds local support for you and your caregiver
- Helps to identify local services, like meal delivery, in-home support, or rides to the doctor

Your Case Manager:

- Helps you explore financial assistance options if cost is a concern, and you do not have a prescription yet
- Assists in identifying benefits for which you may be eligible
- Coordinates paperwork, like prior authorization

Enrollment made simple

To start enrollment in the OPEN DOORS[®] Patient Support Program, text **"START"** to **84537**.* Your personal care representative will reach out to you within the next business day (**Monday-Friday 8 AM-8 PM ET**).

*Standard data rates may apply.

- Download and print the Enrollment Form from the website (www.ofev.com)
- Request an Enrollment Form from your OFEV prescriber

CLINICAL EDUCATORS

Engage. Empower. Educate.™

Educational sessions for you and your family

Understanding your condition with a Clinical Educator*

Once you have enrolled in OPEN DOORS®, your Personal Care Team can connect you with a Boehringer Ingelheim Clinical Educator, a highly trained professional with real-world experience.

Your Clinical Educator:

- Meets with you and your family for a personalized (one-on-one or group) educational session
- Helps you understand your disease, how it progresses, and how it will affect you and your family
- Discusses how OFEV® (nintedanib) capsules work and what to expect on treatment
- Empowers you to play a larger role in your health
- Can meet with you at any point, whether you have just started OFEV or have been taking it for some time
- Has previous clinical experience working as a registered nurse, nurse practitioner, physician assistant, or pharmacist

***Clinical Educators do not provide medical advice and will refer you to your doctor for any question you may have related to your specific treatment.**

To learn more, talk to your Clinical Educator or call OPEN DOORS® at **1-866-OPENDOOR (1-866-673-6366)**.

Other available education

Clinical Educators provide education on certain additional well-being topics that may be of interest to you. These topics may include:

Concurrent Conditions

Identifying and managing the primary concurrent medical conditions you may encounter

Nutrition

Focusing on the importance of proper nutrition and maintaining a healthy weight

Supportive Care

Learning ways to cope with your disease (ie, how to adapt to the physical and emotional changes that inevitably happen while still getting the most out of life)

Just for Caregivers

Staying engaged and maintaining your own health by getting proper rest, diet, and exercise
