

# Explore Your Affordability Options for OFEV capsules

If your doctor has prescribed OFEV capsules and you need help paying for it, there are resources that may be able to help you.

Call OPEN DOORS® Patient Support Program at **1-866-OPENDOOR (1-866-673-6366)** or visit [www.ofev.com/financial-assistance/prescription-savings](http://www.ofev.com/financial-assistance/prescription-savings) for a list of financial resources.

**You can ask your OPEN DOORS® care team about potential financial support options listed below.**

**If you use commercial health insurance, you may be eligible for the OFEV capsules Commercial Copay Program:**

If you have commercial insurance, you will have the opportunity to enroll into the OFEV capsules copay program. The specialty pharmacy will enroll you into the program and provide a status on your eligibility.

- You may receive OFEV capsules for as little as \$0 per month. There is no card to carry or worry about
- Please see full [terms and conditions](#)
- If you are covered by any form of government-funded healthcare program (Medicare, Medicaid, Tricare, VA, etc), you are not eligible for the program. Also, if you are paying cash, you will not be eligible

**If you use government-funded healthcare programs, such as Medicare or Medicaid, or need supplemental assistance paying for OFEV capsules, other financial assistance resources may be available:**

If you are enrolled in a government healthcare prescription drug program, do not have insurance, or have private insurance that does not cover OFEV capsules, financial assistance from independent foundations may be available. These independent foundations typically require separate applications, have financial eligibility guidelines, and require financial documentation, such as copies of your latest tax return.

**The HealthWell Foundation**  
(800) 675-8416  
[www.healthwellfoundation.org](http://www.healthwellfoundation.org)

**Accessia Health**  
(800) 366-7741  
[www.accessiahealth.org](http://www.accessiahealth.org)

**Patient Advocate Foundation**  
(800) 532-5274  
[www.patientadvocate.org](http://www.patientadvocate.org)

Independent co-pay assistance foundations have their own rules for eligibility. We cannot guarantee a foundation will help you. We only can refer you to a foundation that supports your disease state. This information is provided as a resource for you. We do not endorse any particular foundation. The foundations on this list may not be the only ones able to help you.

**Find out how to obtain your OFEV prescription from a Specialty Pharmacy on the following page.**

# Filling your OFEV capsules prescription

OFEV® (nintedanib) capsules are available only through a Specialty Pharmacy, which is different from your neighborhood pharmacy. Specialty Pharmacies focus on medicines for conditions not typically handled in a retail pharmacy setting, and have experience with and understanding of your condition.

## Steps to getting your prescription from the specialty pharmacy

Rx is sent to the specialty pharmacy by your physician

Doctor's office works to secure the prior authorization from your insurance company

Once prior authorization is approved, the specialty pharmacy will call you

Your pharmacy benefits may change from time to time, so make note of your current healthcare team's phone numbers and write down any updates.

(You can use the space below.)

---

## Things to Know

When the Specialty Pharmacy calls, the number may come up as **"blocked"** or **"unknown."** If you don't answer, they will leave a general message **"about your prescription."** **BE SURE TO CALL THEM BACK!**

If financial assistance is needed, please speak to your specialty pharmacy about options.

## If you have no health insurance or no coverage:

The Boehringer Ingelheim Cares Foundation (BI Cares) is an independent, nonprofit organization with a mission to improve patient lives and strengthen our communities. BI Cares provides medicines free of charge to eligible patients who are uninsured or underinsured. If enrolled, our charitable program will send medicine free of charge to you. There is no charge for you to apply to our program, no charge to order refills during your enrollment period, no charge to call our toll-free number with questions about our program, and no charge to have your medicine shipped to you. Patients must be United States residents who meet program eligibility requirements. The BI Cares Foundation is not affiliated with any third party individual or organization that may charge patients a fee(s) to assist them in applying to our program or ordering refills through our program.

For more information on the BI Cares Foundation, call 1-855-297-5906 or visit [www.boehringer-ingelheim.us/our-responsibility/patient-assistance-program](http://www.boehringer-ingelheim.us/our-responsibility/patient-assistance-program).
